LOCATION, LOCATION, LOCATION!

“

NEVER BEEN TO BANCROFT?

LIVE IT.
LOVE IT.,
RIDE IT.

Whether you are coming from the U.S., another part of Ontario or Quebec, the Bancroft area is easily accessible and completely connected to the ATVOntario trails and the Eastern Ontario Trails Alliance network.

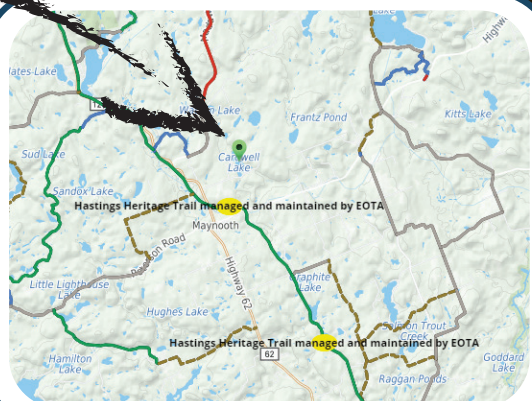

UNLOADING & PARKING... EASY & AWESOME.

It all starts on arrival with a driveway (really more of a parking lot) that allows you to swing your truck and trailer around for a stress free unload.

Ample room for your entire crew to park. Magical!

TIME TO JET!

Warm up the quads with a quick rip on the hydro line right at the end of the driveway, then head south on trail 4814. Make a stop at the pub in Maynooth, then head into Bancroft where the trail goes right through town. Grocery runs will never be the same.

REST & RELAXATION

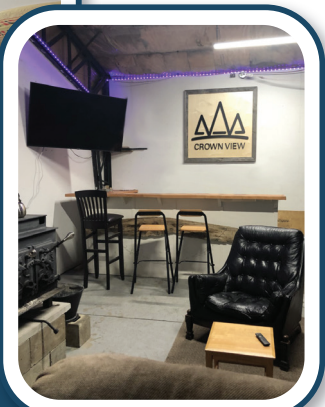

ADVENTURE AWAITS, ON FOUR WHEELS!

LEAVING THE ATV OR SXS OUTSIDE IS OK, I SUPPOSE... FOR THE HOTEL PEOPLE.

Remember dropping tools in the rain while trying to change Bob's plugs in the hotel parking lot last year? Not here! Put your ATV's / SXS to bed dry and secure in our 2400sq/ft garage. They'll be purring in the morning.

REST YOUR BONES.

Relaxation is the name of the game after a long day on the trail. As your ATV's / SXS sleep, you're 10 feet away 'cause the shop also houses your hang-out. Have Alexa serve up your best 90's alternative jams while you get your relax on. Then settle in at the bar while the multitude of hangers dry your muddy gear and rest your helmets on dedicated shelving. When you've lost your last game of poker or pingpong, time to sink into a lazyboy and watch the game.

TIME TO RE-GEN.

BBQ off the kitchen while you consider a swim, drop a line, or just sit back and relax and watch some Netflix. Fire up the wood stove downstairs during the chillier months and stake your claim to one of four double beds or futon couch. Two full bathrooms handle the morning scramble to get you on the trails bright and early.
